STATEMENT SPYKER CARS N.V. ON C12 ZAGATO

Zeewolde, 19 July 2007 – Spyker Cars N.V., Formula One constructor and manufacturer of exclusive premium sports cars, states the following in reaction to an article in HP/De Tijd of this morning about its manufacturing plans for the C12 Zagato.

In May 2007 Spyker Cars N.V. started a strategic business review. The outcome of this review will be the basis for its future refinancing operation. As indicated before, Spyker Cars N.V. anticipates completion of its refinancing by the end of the third quarter 2007.

As part of this process all areas of the car business are being reviewed. The Long Wheelbase versions of the C8 sports car line which are due to begin production in Q4 2007 have been given engineering and development priority and work continues on the D-Line Peking-to-Paris SSUV. Due to the demands of these ongoing programs development work on the C12 Zagato has had to be postponed.
